

To the Owner/Manager. Greetings,

I am a local artist listed on VooGlue, and I today I am offering to display art in your premises for free.

Owning or leasing art to beautify your walls is expensive. Local fine art adds attraction to your premises. Every community has many hidden talented artists - but we never see their art since there are few venues for the display of local art. When you display art from local artists it will beautify your venue and bring in more local patrons - the artist's followers - plus you will be seen as a patron of your local arts community.

- The art will hang for free at no cost to you.
- With each work will display a neat label with a QR code for more information.
- People can use the QR code to buy directly from the artist. You don't have to do anything.
- The artist will get an SMS when someone makes a purchase and will ring them to arrange collection.
- Each 1-3 months we will rotate out the unsold artwork so you always have fresh pieces.

We can customise the arrangement for you if that is preferable.

The artists will share out on their social media that their artwork is located at your venue and invite people to come and enjoy your services, and re-share each time fresh work is displayed. Your venue may be visible as displaying local art in the VooGlue App.

A selection of the types of artworks is on vooglue.com

Thank you for your kind attention. Please contact me on the details below so we can arrange a time to meet.

Regards
